

05 – Research Questions Answered

- **Q1 Can computational matter be discovered? ** Yes, under substrate/protocol.
- **Q2 Can structure be causally necessary? ** Yes, for demonstrated certified objects (gate/strip).
- **Q3 Can it persist as archive matter? ** Yes.
- **Q4 Can later generations reuse it? ** Yes – flagship field ×211 recorded uses.
- **Q5 Can embodied discovery feed MF? ** Yes – MF↔ECR v0.3.
- **Q6 Can the same organization become hardware? ** Yes – IR→RTL→bitstream path.
- **Q7 Can one host change organization without full image replace? ** Sim/RTL yes; live FPGA board pen
- **Q8 Does Hop-2 work? ** No – not demonstrated.
- **Q9 Autonomous rewrite of a physical robot's organization? ** Not yet.
