

06 – Flagship Case Study: ECR2MF_g0_field_s1002

unknown world → field discovery → intervention → certificate
→ MF archive → lineage → *211 subsequent uses
→ faithful IR → hardware representation → RTL
→ RCF generic host path → 135100-byte iCE40 bitstream

Standalone: `STANDALONE\_FLAGSHIP/` runs load → cert → lineage → execute → gate-off $\Delta \approx 1.92$ → hot-
This single object carries the thesis from discovery to hardware artifact without requiring the full
